

MATH 2111-12: Calculus 1 Workshop

Fall 2023

Workshop Instructor: Chris Won

Email: dwon6@calstatela.edu

Office Hours: Tues & Thurs @ 4:45 PM - 05:45 PM

Office Location: Math Department Lounge (Simpson Tower 2nd Floor)

Workshop Hours: Tues & Thurs @ 6:00 PM - 06:50 PM

Workshop Location: SH (Salazar Hall) 172

Workshop Website: chrisdongwon.github.io/Calculus1-Workshop-Fall23/

Grading: Your grade in the workshop will be entirely determined based on attendance and participation. To earn a grade of CR (credit/pass) in this course, you must have earned a course grade of C or better in the associated Math 2110 lecture section and attend at least **twenty-seven** (27) of the workshop sessions.

Emails: In general, you can expect a reply within a day, including the weekends. Please feel free to remind me if I do not respond to your emails in a timely manner.

Cell Phones: As the workshop grade is based on attendance and participation, I would appreciate it if you limit your cell phone usage to a minimum. If you must use your phone, please do not distract your peers with your usage.

Workshop Activities: During the workshop sessions, students will work on assigned problems in groups. These assigned problems are closely related to your homework problems and the intended purpose of the workshop is to provide a collaborative space where students can practice the course material prior to it being assigned on homework and tested on exams.

Community Principles: As this workshop will primarily entail group work, it will be extremely important to maintain a welcoming and supportive community. To this end, I would like to highlight the following community principles:

1. We are all learning.
2. Everyone has something to contribute to this workshop.
3. No one has all of the answers.
